- Antifungal antibiotic preparation, new (Giorlando, Torres, and Muscillo), 370
- Aortic insufficiency, dissecting aneurysm in pregnancy associated with—report of case with successful surgical repair (Hume and Krosnick), 279 (Abst.)
- Apprehension and transportation of Fallopian tube, patency of function of, studies of with Au 198 (Caballero et al.), 437
- Arrhenoblastoma, steroid synthesis in abnormal ovaries (Kase and Conrad), 1251
- Artery, contractility of isolated human uterine (Cutchin et al.), 143
- Arteries, uteroplacental, intermittent functioning of (Martin et al.), 819 (Current investigation)
- Aspiration smear, endometrial (Ledger), 412 (Correspondence)
- Asymptomatic bacteriuria in normal obstetric patient, significance of (Low), 897
- Au 198, studies of patency and function of apprehension and transportation of Fallopian tube with (Caballero et al.), 437
- Automatic control of intravenous fluids, new device for (Downing and Thompson), 831 (Comm. in brief)
- Autosomal abnormalities (Smith), 1055

### B

- Bacterial flora of endometrial cavity, effect of intrauterine contraceptive device on (Willson, Bollinger, and Ledger), 726
- Bacteriuria, asymptomatic, in normal obstetric patient, significance of (Low et al.), 897
- in pregnancy, diagnosis of significant (Chard and Cole), 277 (Abst.)
- Bilirubin metabolism in fetus (Schencker, Dawber, and Schmid), 275 (Abst.)
- Biopsies, punch, of cervix, re-evaluation of four-quadrant (Dilts, Elsh, and Greene), 961
- Biopsy, cervical cone, prognostic accuracy of, in determination of management of carcinoma in situ (Varga), 957
- Birth defects—abstracts of selected articles, 842 (B. rev.)
- Bladder carcinoma of, in pregnancy (Choate, Thiede, and Miller), 526
- Blood clotting mechanism in pregnancy, normal values of certain factors in (Talbert and Langdell), 44
- Blood-flow, choriodecidual and myometrial (Dixon, McClure Browne, and Davey), 277 (Abst.)
- umbilical cord, measurement of, by local thermodilution (Stembera et al.), 531
- venous, peripheral distensibility and velocity of, during pregnancy or during oral contraceptive therapy (Goodrich and Wood), 740

Blood flow—Cont'd

gas volume, correlation of fetal heart rate patterns and, normal heart rate values (Quilligan et al.), 1343  
glucose, effects of synthetic oxytocin or plasma fatty acids, triglycerides, and (Burt, Leake, and Dannenburg), 558 (Abst.)

human placental gradient for plasma insulin and (Spellacy et al.), 753

Book reviews, 838

Books received for review, 837

C

Calcodur blue dye, aspiration and swallowing of, intra-uterine respiration of rat fetus (King and Becker), 257

Cancer (*see also* carcinoma)

patient, treated, accuracy of cytological diagnosis in (Graham), 1363 (Abst.)

survival, statistical evaluation of (Greiss et al.), 703

Cancers, minced tissue smear (MTS) method for rapid diagnosis of, during surgery and for cellular research (Sagiroglu), 972

Carbohydrate metabolism and pregnancy, abnormal (Yen), 468

environmental and aging effects of postmaturity on fetal development and (Roux, Romney, and Din-nerstein), 546

Carcinoma (*see also* cancer)

in situ of cervix uteri, involvement of clefts and tunnels in, further observations on (Fluhmann), 610

of bladder in pregnancy (Choate, Thiede, and Miller), 526

of cervix, incipient (Morton), 64

intraepithelial, in pregnancy (Boutselis and Ullery), 593  
microinvasive (Way), 1368 (Abst.)

Stage I, infrequency of metastasis to ovaries in (Parente, Silberblatt, and Stone), 1362 (Comm. in brief)

of ovary, endometrioid (Long and Taylor), 936

primary, of Fallopian tubes with positive smears—5 year cure (Schenck), 556 (Comm. in brief)

Cardiac surgery, pregnancy following (Burt and Bowden), 73

Cardiovascular alterations, fatty acids and, epinephrine infusions in normal and toxemic pregnancy (Zuspan, Nelson, and Ahlquist), 88

phenomenon associated with fetal head compression (Paul, Quilligan, and MacLachlan), 824 (Current investigation)

Carotene and vitamin A levels in amniotic fluid of patient with prolonged pregnancy, variations of (Corti and Marmori), 1366 (Abst.)

Cauterization, silver nitrate, cervical dysplasia associated with (Hulka and Ison), 1361

Cautery, internal os, vaginal deliveries following (Ellis), 273 (Comm. in brief)

Cavity, endometrial, effect of intrauterine contraceptive device on bacterial flora of (Willson, Bollinger, and Ledger), 726

Cellular research, minced tissue smear (MTS) method for rapid diagnosis of cancers during surgery and for (Sagiroglu), 972

Cervical cone biopsy in determination of management of carcinoma in situ, prognostic accuracy of (Varga), 957

dilatation, effects of, upon uterine contractility in pregnant women and relation to oxytocin secretion (Fisch, Sala, and Schwarcz), 108

- Osteogenesis imperfecta, intrauterine, in four siblings (Chawla), 1366 (Abst.)
- Ovarian abscess (Wilson and Black), 34  
disgerminoma, unilateral encapsulated, treatment of (Malkasian and Symmonds), 379  
dysgenesis, production of, in rat by ethamoxypriphetol (MER-25) (Heller and Jones), 264 (Current investigation)  
malignancy, primary (Carter), 951  
and paraovarian adenomatoid tumors (Williamson and Moore), 388

## Ovarian—Cont'd

- tissue, inadvertent implantation of (Brentano), 834 (Comm. in brief)
- tumors in pregnancy (Tawa), 511
- Ovaries, abnormal, steroid synthesis in, arrhenoblastoma (Kase and Conrad), 1251  
granulosa cell tumor (Kase), 1262  
polycystic ovaries (Kase), 1268  
histology of uterus and, after long-term cyclic norethynodrel therapy (Ryan, Craig, and Reid), 715  
infrequency of metastasis to, in Stage I carcinoma of cervix (Parente, Silberblatt, and Stone), 1362 (Comm. in brief)  
polycystic, steroid synthesis in abnormal (Kase), 1268
- Ovary, endometrioid carcinoma of (Long and Taylor), 936  
malignant tumors of (Buka and MacFarlane), 383
- Oxytetracycline in treatment of gonorrhea in prenatal patient, evaluation of (Prince et al.), 202
- Oxytocics, intramuscular, and cord traction in third stage of labour (Bonham), 1365 (Abst.)
- Oxytocin secretion, effects of cervical dilatation upon uterine contractility in pregnant women and relation to (Fisch, Sala, and Schwarcz), 108  
synthetic, effects of, on plasma nonesterified fatty acids, triglycerides, and blood glucose (Burt, Leake, and Dannenburg), 558 (Abst.)  
uterine responsiveness to, development of, patterns of increasing uterine activity in late pregnancy (Hendricks and Brenner), 485

## P

- Paget cells, intradermal migration of, observations on (Adamson and Reisfield), 1274
- Paraovarian adenomatoid tumors, ovarian and (Williamson and Moore), 388
- Part I examination, American Board of Obstetrics and Gynecology, 1368 (Item)
- Patency of function of and apprehension and transportation of Fallopian tube with Au 198, studies of (Caballero et al.), 437
- Patient care, total, interpersonal distance in (Bellville), 412 (Pertinent comments)
- Pathology, perinatal, fellowship in, 1368 (Item)
- Pediatric therapy, current (Gellis and Kagan), 838 (B. rev.)
- Perinatal loss due to external trauma to uterus (Parkinson), 30  
mortality (Butler and Bonham), 840 (B. rev.)  
pathology, fellowship in, 1368 (Item)
- Phenomenon, cardiovascular, associated with fetal head compression (Paul, Quilligan, and MacLachlan), 824 (Current investigation)
- Phosphamidase, ribonucleoprotein, glucuronidase, and, in normal and abnormal endometrium (Gross), 166
- Pituitary necrosis, anterior, experimental attempts to produce, in rat and dog (Updike and Corey), 25  
-ovarian endocrinology (Dorfman and Neves e Castro), 841 (B. rev.)
- Placenta, structure and function (Bibliotheca Gynaecologica), 839 (B. rev.)  
villous hemochorial, comparative morphogenesis and vascular relationships of (Wynn), 758
- Placental circulation, maternal, in rhesus monkey, visualization of (Richart, Doyle, and Ramsay), 334  
gradient, human, for plasma insulin and blood glucose (Spellacy et al.), 753  
lactate production in vitro, effect of adrenaline on human (Ginsburg and Jeacock), 794  
position in utero, significance of (Little), 328
- Plasma insulin and blood glucose, human placental gradient for (Spellacy et al.), 753  
nonesterified fatty acids, triglycerides, and blood glucose, effect of synthetic oxytocin on (Burt, Leake, and Dannenburg), 557 (Abst.)  
progesterone levels, serial, and onset of labor (Kumar, Ward, and Barnes), 1360 (Comm. in brief)

Platelet adhesiveness in toxemia of pregnancy (McKay, de Bacalao, and Sedlis), 1315

Porphyria, acute intermittent, and pregnancy (Capetanakis, Lewis, and Wentz), 827 (Comm. in brief)

Portacaval shunt performed during pregnancy (Chapis), 272 (Comm. in brief)

Postcesarean section hysterographic control (Ruiz-Velasco et al.), 222

Postmaturity, environmental and aging effects of, on fetal development and carbohydrate metabolism (Roux, Romney, and Dinnerstein), 546

Posture and angiotensin II, effects of, upon renal function in pregnant women (Chesley, Sloan, and Wynn), 281

Potassium deficiency in pregnant dog (Serrano, Talbert, and Welt), 275 (Abst.)

Pre-eclamptic toxemia, body type and (Myles), 1324

Pregnancies, normal and toxemic, diurnal variations of glomerular filtration and renal handling of electrolytes in (Horská and Vedra), 285

severe erythroblastosis fetalis in first immunized (Erlandson and Haber), 779

Pregnancy, abnormal carbohydrate metabolism and (Yen), 468

hemoglobins and (McCurdy), 891

acute intermittent porphyria and (Capetanakis, Lewis, and Wentz), 827 (Comm. in brief)

are anti-epileptic drugs harmful during (Janz and Fuchs), 1366 (Abst.)

bacteriuria in, diagnosis of significant (Chard and Cole), 277 (Abst.)

blood clotting mechanism in, normal values of certain factors (Talbert and Langdell), 44

carcinoma of bladder in (Choate, Thiede, and Miller), 526

diagnosis of, results of new chromogen test for (Stauch), 872

dissecting aneurysm in, associated with aortic insufficiency—report of case of successful surgical repair (Hume and Krosnick), 279 (Abst.)

drugs in first trimester of, and fetal life of *Homo sapiens* (Mellin), 1169

ectopic, report of 25 fatal cases of (Schoenck), 280 (Abst.)

epinephrine infusions in normal and toxemic, nonesterified fatty acids and cardiovascular alterations (Zuspan, Nelson, and Ahlquist), 88

following cardiac surgery (Burt and Bowden), 73

gastric resection (Peck et al.), 517

withdrawal bleeding from oral contraceptive measures (Watts et al.), 401

in very young teen-ager (Claman and Bell), 350

insulin antibodies in (Spellacy and Goetz), 276 (Abst.)

intestinal angina associated with (Kempers and Bartholomew), 882

intraepithelial carcinoma of cervix in (Boutselis and Ullery), 593

luteomas of (Navarette-Reyna and Kaufman), 521

morphologic changes in lymph nodes in, at term, studies on thymolymphatic system in humans (Nelson and Hall), 482

normal, with living children in women past age of fifty (Wharton), 672

ovarian tumors in (Tawa), 511

patterns of increasing uterine activity in late, and development of uterine responsiveness to oxytocin (Hendricks and Brenner), 485

peripheral venous distensibility and velocity of venous blood flow during, or during oral contraceptive therapy (Goodrich and Wood), 740

portacaval shunt performed during (Chapis), 272 (Comm. in brief)

prolonged, variations of carotene and vitamin A levels in amniotic fluid of patients with (Corti and Mar-mori), 1366 (Abst.)

# Pregnancy—Cont'd

relation of emotional changes during, to obstetric complications in unmarried primigravidas (McDonald and Parham), 195

rupture of liver during, atraumatic (Torres), 559 (Abst.)

slide immunologic test for, quantitation of human chorionic gonadotropin in urine using (Noto, Miale, and Riekers), 859

tests for early, comparison of serological, frog, and hormone withdrawal bleeding tests (Mendel and Haberman), 867

thyroid function in human pregnancy, significance of serum butanol-extractable iodines in last trimester (Man, Reid, and Jones), 474

toxemia of, photogenesis of anatomic changes in experimental (McKay and Goldenberg), 557 (Abst.)

of, platelet adhesiveness in (McKay, de Bacalao, and Sedlis), 1315

urinary formimino-glutamic acid excretion in (Berry et al.), 1365 (Abst.)

uterine hypercontractility in toxemia of, prolonged therapeutic control (Cobo), 505

viral infections during, and abnormal human development (Medearis), 1140

Pregnanediol, preparative, thin-layer chromatography, for routine determination of (Lau and Jones), 132 (Current investigation)

Pregnant patients with acute hypertension, renal structure and function in (McCartney et al.), 579

uterus of human, movements of lactate and pyruvate in (Otey et al.), 747

woman, action of estradiol-17 $\beta$  upon uterine contractility and milk-ejecting effect in (Pinto et al.), 99

women, effects of cervical dilatation upon uterine contractility in, and relation to oxytocin secretion (Fisch, Sala, and Schwarcz), 108

renal function in, effects of posture and angiotensin II upon (Chesley, Sloan, and Wynn), 281

Prenatal care among low income wed and unwed women, some correlates of (Reeder and Reeder), 1304

patient, oxytetracycline in treatment of gonorrhea, evaluation of (Prince et al.), 202

Preparative thin-layer chromatography for routine determination of pregnanediol, value of (Lau and Jones), 132 (Current investigation)

Presacral neurectomy, lymphocyst following (Rubin), 271 (Comm. in brief)

Pressure, extraovular, diagnostic value (Csapo), 493

intraureteric, above and below area of compression (En-hörning and Weaver), 1332

Pressures, intra-amniotic, of gravid mice, uterine contractions and (McCafferty, Wood, and Knisely), 120

Prevention of congenital anomalies, clinical approach to (Barnes), 1242

Primigravidas, unmarried, relation of emotional changes during pregnancy to obstetric complications in (McDonald and Parham), 195

Progestagens, inability of, to delay induced abortion with hypertonic saline (Møller, Wagner, and Fuchs), 694 (Current investigation)

Progesterone, in vitro hyperpolarizing effect of, on human myometrium, studies on mechanism of action of progesterone on human myometrium (Kumar et al.), 1355 (Current investigation)

levels, serial plasma, and onset of labor (Kumar, Ward, and Barnes), 1360 (Comm. in brief)

studies on mechanism of action of, on human myometrium, in vitro hyperpolarizing effect of progesterone on human myometrium (Kumar et al.), 1355 (Current investigation)

Progestin, sequential estrogen and, endometrial histology and vaginal cytology during oral contraception with (Maqueo et al.), 395

Progestins and skeletal maturation (Breitbart, Bongiovanni, and Eberlein), 280 (Abst.)

- Prognosis, genetic, and counseling (Motulsky and Hecht), 1227
- Promethazine hydrochloride, effects of, on human uterine contractility, in vivo and in vitro (Zourlas), 115
- Psychological sequelae, medical and, of surgical sterilization of women (Paniagua et al.), 421
- Punch biopsies of cervix, four-quadrant, re-evaluation of (Dilts, Elesh, and Greene), 961
- four-quadrant, of cervix, re-evaluation of (Dilts, Elesh, and Greene), 961
- for histological or chemical study of postpartum cervix (Boronow and Danforth), 274 (Comm. in brief)
- Pyruvate, lactate and, movements of, in pregnant uterus of human (Otey et al.), 747
- maternal lactate, and excess lactate production during labor and delivery (Marx and Greene), 786

## R

- Radiation and congenital malformations (Brill and Forgotton), 1149
- Radioelectrocardiogram, abnormal fetal, detection of fetal distress by (Kendall et al.), 340
- Read's natural childbirth, statistical analysis of effectiveness of (Hermann), 1366 (Abst.)
- Re-evaluation, 697
- Renal failure, acute, case of intra-amniotic glucose induction followed by nonfatal amniotic fluid embolism and (Lee and Frampton), 554 (Comm. in brief)
- function and electrolyte excretion, effect of daily activity on, in healthy and toxemic third trimester pregnant women (Vedra and Horská), 288
- effects of posture and angiotensin II upon, in pregnant women (Chesley, Sloan, and Wynn), 281
- in intrauterine primate fetus. Experimental technique; rate of formation and chemical composition of urine (Chez, Smith, and Hutchinson), 128 (Current investigation)
- handling of electrolytes in normal and toxemic pregnancies, diurnal variations of glomerular filtration and (Horská and Vedra), 285
- structure and function in pregnant patients with acute hypertension (McCartney et al.), 579
- Reproductive tract, female, harvesting and culture of epithelial cells from hollow organs of (Valenti), 559 (Abst.)
- Resection, gastric, pregnancy following (Peck et al.), 517
- Respiration, intrauterine, in rat fetus, analysis of roentgenological techniques (Carter et al.), 247
- aspiration and swallowing of Calcodur blue dye (King and Becker), 257
- direct observations—comparison with guinea pig (Becker et al.), 236
- Respiratory tract fluid in fetal guinea pig, surface tension of (Enhörning and Kirschbaum), 537
- Retrolental fibroplasia and prematurity in newborn rabbits induced by maternal hyperoxia (Fujikura), 854
- Rh incompatibility, obstetrical management of, based on liquor amnii studies (Alvey), 769
- Ribonucleoprotein, glucuronidase, and phosphamidase in normal and abnormal endometrium (Gross), 166
- Roentgenological techniques, analysis of, intrauterine respiration in rat fetus (Carter et al.), 247
- Roster of obstetrical and gynecological societies, 560 (Item)
- Rupture of pregnant uterus, traumatic, from "seat belt" injury (Rubovits), 828 (Comm. in brief)
- of uterus, maternal death due to (Schoenck), 280 (Abst.)
- "Seat belt" injury, traumatic rupture of pregnant uterus from (Rubovits), 828 (Comm. in brief)
- Section, cesarean, on dead and critically injured (Vitsky), 17
- spinal anesthesia for (Stenger et al.), 51
- Selected abstracts, 275, 557, 1363
- Sequelae, medical and psychological, of surgical sterilization of women (Paniagua et al.), 421
- Serological, frog, and hormone withdrawal bleeding tests for diagnosis of early pregnancy, comparison of (Mendel and Haberman), 867
- Serum butanol-extractable iodines in last trimester, significance of, thyroid function in human pregnancy (Man, Reid, and Jones), 474
- Sex chromosome anomalies (Miller), 1078
- differentiation, special mechanisms in anomalies of (Turner), 1208
- nuclear, of germinal tumors of testis (Talwalker), 559 (Abst.)
- Shunt, portacaval, performed during pregnancy (Chapis), 272 (Comm. in brief)
- Shwartzman reaction, generalized, in pregnant golden hamster, studies of (Galton), 1364 (Abst.)
- Sickle cell-hemoglobin C disease (Curtis and Beacham), 136 (Clinical problems)
- Silver nitrate cauterization, cervical dysplasia associated with (Hulka and Ison), 1361 (Comm. in brief)
- Slide immunologic test for pregnancy, quantitation of human chorionic gonadotropin in urine using (Noto, Miale, and Riekers), 859
- Smear, endometrial aspiration (Ledger), 412 (Correspondence)
- minced tissue (MTS) method for rapid diagnosis of cancers during surgery and for cellular research (Sagiroglu), 972
- Smears, positive, primary carcinoma of Fallopian tubes with, 5 year cure (Schenck), 556 (Comm. in brief)
- South Atlantic Association of Obstetricians and Gynecologists, transactions of twenty-sixth annual meeting, 1-120
- Spinal anesthesia for cesarean section (Stenger et al.), 51
- Sterilization, surgical, of women, medical and psychological sequelae of (Paniagua et al.), 421
- Steroid synthesis in abnormal ovaries. Arrhenoblastoma (Kase and Conrad), 1251
- Granulosa cell tumor (Kase), 1262
- Polycystic ovaries (Kase), 1268
- Stomach, stress ulcers of, following obstetric and gynecologic surgery (Dunn and Nash), 1288
- Surgery, cardiac, pregnancy following (Burt and Bowden), 73
- obstetric and gynecologic, stress ulcers of stomach following (Dunn and Nash), 1288
- rapid diagnosis of cancers during, minced tissue smear (MTS) method for, and for cellular research (Sagiroglu), 972
- Surgical sterilization of women, medical and psychological sequelae of (Paniagua et al.), 421
- Survival, cancer, statistical evaluation of (Greiss et al.), 703
- Symposium on congenital defect, 983-1250

## T

- Teaching of obstetrics and gynaecology, some aspects of (World Health Organization Technical Report Series), 841 (B. rev.)
- Technique, experimental rate of formation and chemical composition of urine, renal function in intrauterine primate fetus (Chez, Smith, and Hutchinson), 128 (Current investigation)
- Techniques, ultrasound diagnostic, in obstetrics and gynecology (Taylor et al.), 655
- Teen-ager, pregnancy in very young (Claman and Bell), 350
- Tension, surface, of respiratory tract fluid in fetal guinea pig (Enhörning and Kirschbaum), 537
- Teratogenesis, normal embryology and (Lash), 1193
- Teratology, experimental (Wilson), 1181

## S

- Saluretics, combined treatment of eclampsia with hypotensive drugs, magnesium sulfate, and (Cretti), 1319
- Schiller-positive area on exposed portion of cervix with intraepithelial neoplasia, correlation of (Richart), 697 (Re-evaluation)

- Term, fetomaternal exchange of water at (Bradford), 7
- Testis, germinal tumors of, nuclear sex of (Talwalker), 559 (Abst.)
- Tetracycline therapy, vaginal moniliasis after (Caruso), 374
- Thermodilution, local, measurement of umbilical cord blood flow by (Stembera et al.), 531
- Thin-layer chromatography, preparative, for routine determination of pregnanediol, value of (Lau and Jones), 132 (Current investigation)
- Thromboembolism, etiology and clinical course (Bibliotheca Gynaecologica), 839 (B. rev.)
- link between norethynodrel and (Rosenberg), 745
- Thrombophlebitis, pelvic, in puerperal and postoperative gynecologic patient (Schulman and Zatuchni), 1293
- Thymolymphatic system in humans, studies on, morphologic changes in lymph nodes in pregnancy at term (Nelson and Hall), 482
- Thyroid function in human pregnancy. Significance of serum butanol-extractable iodines in last trimester (Man, Reid, and Jones), 474
- Thyroxine interactions in newborn at delivery and in immediate neonatal period, further observations on (Russell, Rose, and Starr), 682
- Tissue, ovarian, inadvertent implantation of (Brentano), 834 (Comm. in brief)
- Total-fasting, intermittent modified, in treatment of obstetric obesity (Sands), 885
- Toxemia of pregnancy, platelet adhesiveness in (McKay, de Bacalao, and Sedlis), 1315
- photogenesis of anatomic changes in experimental (McKay and Goldenberg), 557 (Abst.)
- uterine hypercontractility in, prolonged therapeutic control (Cobo), 505
- pre-eclamptic, body type and (Myles), 1324
- Toxemic pregnancies, diurnal variation of glomerular filtration and renal handling of electrolytes in normal and (Horská and Vedra), 285
- pregnancy, normal and, epinephrine infusions in non-esterified fatty acids and cardiovascular alterations (Zuspan, Nelson, and Ahlquist), 88
- third trimester pregnant women, effect of daily activity on renal function and electrolyte excretion in healthy and (Vedra and Horská), 288
- Transactions of the eighty-seventh annual meeting of the American Gynecological Society, 561-689, 703-739
- of twenty-sixth annual meeting of South Atlantic Association of Obstetricians and Gynecologists, 1-120
- Transverse cervical ligament, gross and microscopic anatomy of (Range and Woodburne), 460
- Trauma, external, to uterus, perinatal loss due to (Parkinson), 30
- Triglycerides, plasma nonesterified fatty acids, and blood glucose, effects of synthetic oxytocin on (Burt, Leake, and Dannenburg), 557 (Abst.)
- Trophoblastic disease, chemotherapy in (Brewer et al.), 566
- diseases, peculiar to Taiwan, some aspects of (Hsu et al.), 308
- Tubal ligation, examination of effects of, implication for prediction (Norris), 431
- Tumor, granulosa cell, steroid synthesis in abnormal ovaries (Kase), 1262
- mesodermal mixed, of corpus uteri (Falkinburg et al.), 450
- Tumors, adenomatoid, ovarian and paraovarian (Williamson and Moore), 388
- allied, methotrexate therapy of choriocarcinoma and (Lamb, Morton, and Byron), 317
- germinal, of testis, nuclear sex of (Talwalker), 559 (Abst.)
- malignant, of female genital organs, histochemical observations of oxidative enzymes in (Ishihara, Hasegawa, and Mori), 183
- of ovary (Buka and MacFarlane), 383
- ovarian, in pregnancy (Tawa), 511
- Tunnels, involvement of clefts and, in carcinoma in situ of cervix uteri, further observations on (Fluhmann), 610

## U

- Ulcers of stomach, stress, following obstetric and gynecologic surgery (Dunn and Nash), 1288
- Ultrasound diagnostic techniques in obstetrics and gynecology (Taylor et al.), 655
- Ultrastructure of deciduotrophoblastic junction of guinea pig (Wynn), 690 (Current investigation)
- Umbilical cord blood flow, measurement of, by local thermodilution (Stembera et al.), 531
- inflammation of, and neonatal illness (Wilson and Armstrong), 843
- Unmarried primigravidas, relation of emotional changes during pregnancy to obstetric complications in (McDonald and Parham), 195
- Urinalysis and urine cytology correlated with menstrual and age cycle (Tyler), 147
- Urinary formamino-glutamic acid excretion in pregnancy (Berry et al.), 1365 (Abst.)
- Urine, chemical composition of, experimental technique, rate of formation and, renal function in intra-uterine primate fetus (Chez, Smith, and Hutchinson), 128 (Current investigation)
- cytology correlated with menstrual cycle and age, urinalysis and (Tyler), 147
- quantitation of human chorionic gonadotropin in, using slide immunologic test for pregnancy (Noto, Miale, and Riekers), 859
- Uteri, corpus, mesodermal mixed tumors of (Falkinburg), 450
- Uterine activity in late pregnancy, patterns of increasing, and development of uterine responsiveness to oxytocin (Hendricks and Brenner), 485
- artery, contractility of isolated human (Cutchin et al.), 143
- cervix, human, quantitative cytochemical studies on normal, malignant, premalignant, and atypical cell populations in (Caspersson), 1364 (Abst.)
- choriocarcinoma, uses of methotrexate in, with intra-ocular metastases (Marikar, Ramalingam, and Rajaratnam), 276 (Abst.)
- contractility, action of estradiol-17 $\beta$  upon, and milk-ejecting effect in pregnant woman (Pinto et al.), 99
- effects of promethazine hydrochloride on human, in vivo and in vitro (Zourlas), 115
- of cervical dilatation upon, in pregnant women and relation to oxytocin secretion (Fisch, Sala, and Schwarcz), 108
- contractions and intra-amniotic pressures of gravid mice (McCafferty, Wood, and Knisely), 120
- hypercontractility in toxemia of pregnancy. Prolonged therapeutic control (Cobo), 505
- response to acute hypo- and hypertension, fetal and, spinal and epidural anesthesia (Vasicka et al.), 809
- responsiveness to oxytocin, patterns of increasing uterine activity in late pregnancy and development of (Hendricks and Brenner), 485
- Uteroplacental arteries, intermittent functioning of (Martin et al.), 819 (Current investigation)
- Uterus and ovaries after long-term cyclic norethynodrel therapy, histology of (Ryan, Craig, and Reid), 715
- external trauma to, perinatal loss due to (Parkinson), 30
- mechanism of action of nitrous oxide, ether, and chloroform on (Van Lier et al.), 811
- pregnant, of human, movements of lactate and pyruvate in (Otey et al.), 747
- traumatic rupture of, from "seat belt" injury (Rubovits), 828 (Comm. in brief)

## Uterus—Cont'd

- Rupture of, maternal death due to (Schoenck), 280 (Abst.)

## V

- Vaginal cytology during oral contraception, endometrial histology and, with sequential estrogen and progestin (Maqueo et al.), 395  
deliveries following internal os cautery (Ellis), 273 (Comm. in brief)  
metastases, electrocoagulation of, following treatment of endometrial carcinoma (Greentree), 833 (Comm. in brief)  
moniliasis after tetracycline therapy (Caruso), 374  
Venous blood flow, velocity of, during oral contraceptive therapy, peripheral venous distensibility and (Goodrich and Wood), 740

## Venous—Cont'd

- distensibility, peripheral, and velocity of venous blood flow during pregnancy or during oral contraceptive therapy (Goodrich and Wood), 740  
Villous hemochorial placenta, comparative morphogenesis and vascular relationships (Wynn), 758  
Viral infections during pregnancy and abnormal human development (Medearis), 1140  
Vitamin A levels, variations of carotene and, in amniotic fluid of patients with prolonged pregnancy (Corti and Marmori), 1366 (Abst.)

## W

- Water, fetomaternal exchange of, at term (Scoggin et al.), 7  
Waveforms, representative, statistical data and, normal fetal electrocardiogram and (Larks and Larks), 1350
